

**Guardian’s DHMO Plan**

The Guardian DentalGuard DHMO plans allow you to choose to receive care from any participating licensed dentist in our DHMO network, and pay a set co-pay for your office visit. Under this plan, you must choose a primary care dentist. All of your dental care will be provided by, or arranged by, your primary care dentist.

Under the Affordable Care Act (ACA), insurers must provide coverage for 10 essential health benefits (EHBs). This plan includes the pediatric essential health benefit, which is a comprehensive set of dental services for children under 19. These services are covered without annual or lifetime limits as long as you receive care-in-network. Also included is coverage for medically necessary orthodontics.

**Managed DentalGuard Family Plan—For Plan Years Beginning in 2016**

**Covered Dental Services and Patient Charges – U101L102**

The services covered by this Policy are named in this list. If a service, treatment or procedure is not on this list, it is not a covered service. All services must be provided by the assigned Primary Care Dentist. The Member must pay the listed Patient Charge. The benefits We provide are subject to all of the terms of this Policy, including the Limitations and Conditions on Covered Dental Services and Exclusions.

There is a limit on the total amount of Patient Charges a Member who is under age 19 must pay each calendar year for pediatric essential health benefits as determined by Illinois. The limit is \$350.00 for each such Member. Once this limit is reached the plan waives Patient Charges for such benefits for the rest of the calendar year for such Member. But if two or more such Members meet the limit of \$700.00 in a calendar year, the plan waives the Patient Charges for such benefits for all other such Members for the rest of the calendar year.

The Patient Charges listed this section are only valid for covered services that are: (1) started and completed under this Policy, and (2) rendered by Participating Dentists in the State of Illinois.
